

Services Provided Through G-Cloud Framework

General Dynamics Information Technology was awarded a place on the United Kingdom Government Procurement Service's G-Cloud iii framework agreement. The framework allows public-sector organisations to procure Information and Communication Technology (ICT) cloud services. It also enables General Dynamics Information Technology to supply four different categories of ICT cloud offerings to UK public-sector organisations.

Our services include:

- **Cyber Security Solutions**
 - Penetration Testing
 - Digital Forensics
 - Information Assurance Audit Services
 - IT Accreditor Services
 - IT Security Officer
 - Protective Monitoring
 - Security and Information Risk Advice Services
 - Security Architecture and Engineering Services
- **Learning Solutions**
- **Life-cycle Solutions**
- **Email-as-a-Service**
 - Microsoft Exchange
 - VMware, Zimbra
